STAFF REPORT

August 19, 2019 – Joint City Council and Planning and Zoning Commission Workshop

TO:	Honorable Mayor and City Council Members Planning and Zoning Commission Members	CASE:	SI2019-03
FROM:	Decatur Development Review Committee Legal Counsel	APPLICANT:	City of Decatur
DATE:	August 19, 2019	REQUEST:	Proposed exemptions to the Subdivision Regulations pertaining to building permitting triggering platting and curb/gutter sidewalk construction

Case Notes:

City Council and Planning and Zoning Commission to discuss and give staff direction regarding proposed exemptions to the Subdivision Regulations as it pertains to platting and the construction of curb/gutter and sidewalks when applications are submitted for a building permit.

Given the recent concerns regarding platting and the construction of curb/gutter and sidewalks triggered by building permitting, the Development Review Committee (DRC) has been working on exemptions to the Subdivision Regulations, particularly as they pertain to permitting triggering platting and the construction of curb/gutter and sidewalks. Fire Marshal Deroy Bennett has spearheaded this effort in coordination with the Planning Director, Public Works Director, Building Official, City Engineer, Chief of Police and our legal counsel.

The DRC has reached general consensus on a list of exemptions to the City's subdivision regulations that should serve as appropriate points for discussion by the City Council and Planning and Zoning Commission.

Policy clarification is requested concerning the following:

1. When a building permit application is made for an old, occupied, already developed parcel, which is unplatted or improperly platted, is requiring platting reasonable, important and does it serve a vital public interest?

2. When the lot identified in #1 is not properly draining, then is requiring curbing and guttering OR some other acceptable solution to the drainage problem reasonable, important and does it serve a vital public interest?
3. Is requiring the property to further incur the additional cost of constructing a sidewalk upon a developed (prior to 2015) and occupied lot reasonable, even if it serves a public interest?
4. Do the proposed exemptions adequately address the items 1 through 3 listed above?
5. What other concerns or comments need to be addressed?

Recommendation:

Give staff direction on next steps.

(d) Procedures for review of a Subdivision Application for completeness authorized by the Subdivision Ordinance or to be undertaken pursuant to Tex. Loc. Gov't Code sec 245.002(e) are superseded by the procedures in Sections 5 and 6 of this Ordinance, except as otherwise provided in Section 7 of this Ordinance.

(e) A Subdivision Plan must be submitted for approval with an application for preliminary or final Plat approval, unless approval of the Subdivision Plan is required prior to submittal of a Plat application. Any procedure for approval of a Subdivision Plan before the Commission or City Council approves or disapproves a Plat application is superseded by the procedures of this Ordinance, and all other provisions not superseded by this Ordinance shall remain in full force and effect, shall be interpreted as complimentary to, and shall work in concert with the provisions adopted in this Ordinance.

(f) Conditional approval of a preliminary Plat application shall mean that each such condition must be satisfied prior to final Plat approval. Such conditions are not subject to the procedures in Section 6 of this Ordinance.

(g) Because the technical requirements for submittal of a Plat or Subdivision Plan application are essential for determining whether the application should be approved, conditionally approved, or disapproved, any deficiency in the submittal requirements for such application shall be grounds for disapproval of the application,

unless the Plat or Subdivision Plan application is to be reviewed under the alternative procedures in Section 7 of this Ordinance.

Section 5. Procedures for Approval of Plats and Subdivision Plans.

(a) Initial Approval by Commission. The Planning Commission shall approve, approve with conditions, or disapprove a preliminary plat, final plat or Subdivision Plan application within thirty (30) days after the date the Plat or Subdivision Plan application is filed. A Plat or Subdivision Plan application is deemed approved by the Commission unless it is conditionally approved or disapproved within that period in the manner provided in subsection (e).

(b) Initial Approval by Council. The City Council shall approve, approve with conditions, or disapprove a preliminary plat, final plat or Subdivision Plan application within 30 days after the date the Commission approves the Plat or Subdivision Plan application. A Plat or Subdivision Plan application is deemed approved by the City Council unless it is conditionally approved or disapproved within that period and in the manner provided in this Subsection and documented pursuant to Subsection (e) of this Section.

(c) Extension by Agreement. The applicant may request in writing and the Planning Commission or the City Council, as applicable, may approve the request for an extension of the time for Plat or Subdivision Plan approval required by subsections (a) or (b) for a period not to exceed thirty (30) days. The written request must be made within fifteen (15) days of the date the application is filed and approved by the Commission or City Council prior to the time for a decision on the application required by subsections (a) or (b).

(d) Limitation on Submittals. Following the filing of the Plat or Subdivision Plan application, the applicant may not submit additional materials in support of the application during the initial thirty (30) day period during which the Commission or the City Council must decide the application, unless the applicant withdraws the original application and submits a new application with the additional materials. If an extension is sought and granted under subsection (c), the applicant may submit additional materials in support of the application no later than fifteen (15) days from the date the Commission or City Council is scheduled to review the application without filing a new application.

(e) Documentation for Conditional Approval or Disapproval. The Planning Commission or the City Council, as applicable, shall provide the applicant a written statement of the conditions for the conditional approval or reasons for disapproval that clearly articulates each specific condition for the conditional approval or reason for disapproval. Each such condition or reason shall be directly related to the requirements of the Subdivision Regulations, Zoning Regulations, and/or Design Standards and shall

include a citation to the applicable law, including a state law or City ordinance, that serves as the basis for the conditional approval or disapproval. The conditions or reasons shall be consistent with this Section and may not be arbitrary.

Section 6. Post-Decision Procedures.

(a) Applicant's Response. After the conditional approval or disapproval of a Plat or Subdivision Plan under Section 5, the applicant may submit to the Commission or the City Council, as applicable, that conditionally approved or disapproved the Plat or Subdivision Plan, a written response that satisfies each condition for the conditional approval or that remedies each reason for disapproval provided. Neither the Commission nor the City Council may establish a deadline for an applicant to submit the response authorized by this Subsection.

(b) Reply to Applicant's Response. The Commission or City Council, as applicable, that receives an applicant's response in accordance with Subsection (a) of this Section shall determine whether to approve, conditionally approve or disapprove the applicant's previously conditionally approved or disapproved Plat or Subdivision Plan not later than the fifteenth (15th) day after the date the response was submitted by the applicant. The Commission or City Council, as applicable, may further conditionally approve or disapprove the application for a specific condition or reason that is provided to the applicant in the manner prescribed in Section 5(e) of this Article. The Commission or City Council, as applicable, shall approve the Plat or Subdivision Plan application if the response adequately addresses each condition of the conditional approval or each reason for the disapproval.

(c) Delegation to Administrative Official. The Administrative Official(s) is hereby delegated the authority to reply to an applicant's response in the manner provided in section 5(e). The applicant may appeal the administrative official's decision within 15 days thereof to the Planning Commission or the City Council, as the case may be, which shall hear the appeal at its next scheduled regular meeting. The applicant may also request a delay in the reply in order to have the response considered and decided by the Planning Commission or City Council, as the case may be, at its next scheduled regular meeting.

(d) Failure to Timely Reply. If the response meets the criteria in subsection (a) and the administrative official, or the Planning Commission or City Council, as the case may be, fails to act upon the response within the time provided in subsections (b) or (c), the plat or Subdivision Plan application shall be deemed approved.

(e) New Application Required. In the event that the administrative official, or the Planning Commission or City Council, as the case may be, timely disapproves the Plat or Subdivision Plan application, a new application and fees shall be required.

Section 7. Alternative Review Procedures. In lieu of the procedures set forth in Sections 5 and 6, every applicant for approval of a Subdivision Application may request in writing to follow the procedures in this Section if the request is made at the time such Subdivision Application is first submitted for filing. Election of approval under this Section does not waive the procedures in Sections 5 and 6 of this Ordinance, which shall commence as provided in subsection (c).

(a) Within ten (10) business days of the time the Subdivision Application is submitted for filing, the Administrative Official shall make a determination whether such Application meets the technical requirements for submittal. The Administrative Official shall notify the applicant in writing not later than the tenth (10th) business day after the Subdivision Application is submitted whether the Application is complete or incomplete. If the Subdivision Application is incomplete, the notice shall specify the documents or information that are necessary to complete the Application and shall also state that the application is subject to expiration, as provided in subsection (b).

(b) Following the receipt of written notice, the applicant shall have forty-five (45) days from the time the Subdivision Application was submitted for filing to submit the necessary documents or information to render such Application complete. If the applicant fails to do so, the Subdivision Application shall expire on the forty-fifth (45th) day after such Application was submitted for filing. An applicant may request a conference with the Administrative Official to assist in completing the Application. If the Subdivision Application expires, the applicant may submit a new Subdivision Application without prejudice. If the new Application is submitted within ten (10) days after the expiration of the original application, review fees will be waived.

(c) The procedures for review of an application for Plat or Subdivision Plan approval in Sections 5 and 6 of this Article shall commence on one of the following dates:

- (1) The date of the notice required by subsection (a) if the application is determined to be complete.
- (2) The date the applicant submits documents or information necessary to complete the application within the forty-five (45) day period specified in subsection (b).
- (3) The date the applicant submits a new application in the event the original application has expired.

Section 8. Procedures for Approval of Replats. Notwithstanding any other provision of the Subdivision Ordinance to the contrary, the procedures for replats as set forth in the Subdivision Ordinance are hereby amended as follows:

(a) A replat of a subdivision or part of a subdivision may be recorded and is controlling over the preceding Plat without vacation of the Plat if the replat is (1) signed

and acknowledged by only the owner of the property being replatted, (2) is approved by the Planning Commission and (3) does not attempt to amend or remove any covenants or restrictions. A public hearing is not required before approval of the replat.

(b) A replat without vacation of the preceding plat must conform to the requirements of Tex. Loc. Gov't Code section 212.015(a), in addition to the provisions of section 212.014, as amended. If such replat requires a variance or exception, a public hearing must be held by the Planning Commission or the City Council. If such replat does not require a variance or exception, the City shall, not later than the fifteenth (15th) day after the date the replat is approved, provide written notice by mail of the approval of the replat to each owner of a lot in the original subdivision that is within two hundred (200) feet of the lots to be replatted according to the most recent municipal or county tax roll. The notice must include (1) the zoning designation of the property after the replat; and (2) a telephone number and e-mail address that an owner of a lot may use to contact the City about the replat. This requirement does not apply to a proposed replat if the City holds a public hearing and gives notice of the hearing pursuant to Tex. Loc. Gov't Code section 212.015(b).

Section 9. Conflict Clause. To the extent any provisions of the Subdivision Ordinance are in conflict with this Ordinance, this Ordinance shall control and all other provisions of the Subdivision Ordinance not in conflict herewith shall remain in full force and effect.

Section 10. Savings Clause. It is hereby declared by the City Council of the City of Decatur that if any of the sections, paragraphs, sentences, clauses, phrases, words, or provisions of this ordinance should be declared unconstitutional or otherwise invalid for any reason, such event shall not affect any remaining sections, paragraphs, sentences, clauses, phrases, words, or provisions of this ordinance.

Section 11. Effective Date. This Ordinance shall take effect immediately upon its passage upon second reading as prescribed by Charter and state law.
